For Immediate Release

Telecom Regulatory Authority of India

Subject :   **Tariff of various Telecom Service Providers made available on TRAI website/portal**

New Delhi, 18[th]of May 2018: The Telecom Regulatory Authority of India (TRAI) released beta version of portal **www.tariff.trai.gov.in** and TRAI website **www.trai.gov.in,** on 16.4.2018 to enable consumers to see & compare tariff plans of various Telecom service providers (TSPs), at a place. This was done for Delhi Licensed Service Area (LSA). The process of bringing all tariff plans at a place is envisaged for consumer convenience with a view to tabulate various tariff plans in a simplified manner and put them in a comparable format.

TRAI has received a good response from the stakeholders on this portal, who have widely appreciated this effort. Some of the stakeholders have suggested changes in the look and feel of the portal, including a demand for mobile-friendly version. TRAI appreciates the feedback received and have incorporated the important ones. A responsive version that adapts to the device form factor is now incorporated. Also, a user guide has been added to explain the terms and abbreviations used.

As mentioned above, initially, tariff data for Delhi LSA was made available on this portal. Data of Gujarat LSA has also been made available for consumer view & comparison. Later on, data of all TSPs across the country will also be made available.

Stakeholders are requested to provide feedback, if any, by clicking 'Feedback' option that has been made available, on portal/ website/ mobile devices.

For any information, **Shri Sanjeev Banzal**, Advisor (IT&CA), TRAI may be contacted at telephone No.**011-23210990** or at email-id **advisorit@trai.gov.in**.

(S.K. Gupta)
Secretary, TRAI
