Subject: Suggestions regarding MNP

Dear Sir/Madam,

I have read the MNP Regulations,2009 and amendments henceforth. It would be better if the process is simplified. I want to make the following suggestions in the process.

1. Let there not be difficult process of submitting documents again if the number is to be used in different Telecom circle with the same service provider. Interchanging of service area can be done through IVRS since customer is already verified.

2. Please reduce the number of days to be with new service provider from 90 days to around 45 days after porting.

Thanking you,

Siddanna
