To,

Shri R.S. Sharma Ji
Chairman
Telecom Regulatory Authority of India
Mahanagar Doorsanchar Bhawan
Jawaharlal Nehru Marg
New Delhi.

Subject: Review of IUC by TRAI.

Dear Sir,

To extend the life of IUC Charges under the garb of review of IUC will only help older telecom operators having high cost network who want to continue profiteering.

Continuation of IUC at the cost of consumers in not going to bear any fruits. For how long can IUC shield these operators by penalizing customers? It is like taxing customers to using outdated technologies. Owners of outdated technologies are happy because they don't have to bother about the losses as they would be getting assured income from taxing of customers.

I am sure that IUC extension will turn telecom sector into graveyard of modern technology to create a yard of dying technologies.

With Regards

Yours,

(Dr. Praveen Agrawal)

Hony. Secretary
