Subject: Developing a unified numbering plan for fixed and mobile services

To: pradvnsl@traf.gov.in

Cc: rksingh@traf.gov.in, 2tapas <2tapas@gmail.com>

Sir,

It is a very good initiative.

My suggestions are as below,

1. Shifting Data only mobile numbers from 10 digit to 13 digit numbering.
2. Moving on to 11 digit numbering scheme for mobile (**converting all existing 10 digit with prefixing "0"**) and continuing with 10 digit numbering for fixed line services.

**A combination of the above.**

**With regards,**
