Since new rule implemented the cost has increased drastically.
Earlier in Rs 200 we used to get all channels now only 3 channels cost the same.
23*3 + 153 NCF.
NCF charges is too much.
Bring it under Rs70-80 with GST.
Put a cap on al carte channels Rs 19 is way too high, Make it RS5-6.
If the keep price higher i.e 19 then make it add free.
STOP counting 1HD channels as 2SD channels they can price their HD channels as they want.
In all countries people are concentrating on 4K channel but in our country HD is not growing at faster rate .
Urges broadcaster to launch 4K channels.
